A durable and buttery soft, easy-to-clean 100% PU upholstery. Nature's Touch uses the original DE90 release paper imported from Japan, and its texture is the most classic. It is a wet-type polyurethane, with a composition of approximately 45% PU, 50% base cloth and 5% Colorant. Nature's Touch is both scratch-resistant and wear-resistant. The Martindale Abrasion test reaches over 250,000 times. The peel strength is as high as 3cm25N.
